SUMMARY

Full Stack Developer with six months of hands-on experience in creating dynamic web applications. Demonstrates a strong eagerness to learn and adapt to new technologies, continuously improving skills to stay current in the field. Holds a Bachelor's degree in Computer Applications and seeking a challenging role in a reputable organization to effectively apply and further develop technical expertise.

INTERNSHIP

MERN - Full Stack Development by PN INFOSYS , Gwalior **March 2026- Jun 2026**

- Mastered frontend development using technologies such as React for building dynamic user interfaces.
- Acquired proficiency in handling data with MongoDB, a NoSQL database.
- Developed server-side applications using Node.js for efficient backend functionality.
- Enhanced skills in routing and state management within a MERN (MongoDB, Express.js, React, Node.js) stack.
- Gained hands-on experience in integrating various components to build full-fledged MERN stack applications.

TECHNICAL SKILLS

- **Programming language :** C , JavaScript
- **Frontend :** Proficient in HTML, CSS, Tailwind CSS , JavaScript, and React/ReactJS
- **Backend :** Node.js with Express framework (learning)
- **Database :** MySQL and MongoDB

EDUCATION

Master of Computer Science &Application **June 2024 - May 2026**
S.O.S Computer Science & Application Jiwaji University

Bachelor of Art **June 2021 - April 2024**
Shyamlal Pandviya Govt. PG College, Morar , Gwalior

Higher Secondary Education, M.P. Board **April 2020 - March 2021**
Shri Durge H.S School Mehgaon , Bhind

PROJECTS

Portfolio Project (MERN STACK)

- Built a **Portfolio Website** using **MongoDB, Express.js, React.js, and Node.js (MERN Stack)**.
- Designed a responsive and user-friendly interface to showcase projects, skills, and experience with seamless navigation.
- Developed RESTful APIs for contact form handling and project management, with **MongoDB** for data storage and CRUD functionality.

Job Portal (Frontend)

- Built a **Job Portal** using **Tailwind CSS, HTML, CSS, and JavaScript**.
- Designed a responsive interface for browsing job listings, searching, and filtering opportunities.
- Implemented reusable React components with smooth navigation and an intuitive user experience.

Calculator (Frontend)

- Developed a responsive **Calculator** using **React.js, HTML, Tailwind CSS, and JavaScript**.
- Implemented arithmetic operations with real-time calculations and input validation.
- Created a clean, user-friendly interface with responsive design for different screen sizes.

ACHIEVEMENTS

- Provided **Letter of Appreciation** during Internship by **PNINFOSYS**

CERTIFICATIONS / COURSES

- Completed C Programming course covering fundamentals, data structures, and problem-solving concepts
